Wednesday, last I received a request from Oakley Mountain Corp. to sign a Plan Transfer Document. I will happily sign a Partial Plan Transfer, but not one that negates my ability to operate there as I presently am. As I studied the document I noticed in the area description that there were some omissions that I didn't understand. First, a couple of years ago USITLA combined both lease #44011, 40 acres, and # 45410, 80 acres, into one lease area numbered as ML 45410. I am certain that it remains such. The area description on the Transfer Doc. doesn't encompass the entire area of ML 45410. Also there are road use issues. Currently I am the only authorized user of the area road there through UTU - 72455 (BLM), I also have posted a cash bond of \$5,000.00 for this permit which includes the 1 acre mill site. I have prepared an attachment (attachment "A") which I will seek to have the new operator sign prior to my signing the Partial Transfer. I have included a copy here for your review. If you have any questions, advice, or comments please give me a call.
